This is a horse we raised and has been such a pleasure to own. He is big & strong with a nice quiet mind. "Hansen" has many miles under him and all types of ranch experience. Whether your branding, pasture doctoring, horse roping, riding steep country or headed to a ranch rodeo, "Hansen" will be your go to guy. He is an all around cool gelding. "Mikey" travels great and is good to shoe. He does not like to be cinched super tight right off the bat, if he's led a few steps and cinched again he rides off no issues. 2 in. superficial scar on left hind leg.

I got him as a four-year-old and have used him to teach the performance horse series classes at TVCC adn to do day work. He is good at filling in for inexperienced riders and would make an outstanding reining cow horse, rope horse, or ranch horse.

“Chunky” is an 8-year old gelding that we raised. He’s really tough and can handle the biggest of days. He is not a people horse that is in your hip pocket and he’s nervous when you catch and saddle him. “Chunky’s” a high energy horse with a big motor, but he’s never bucked..... even with 3 or 4 months off. Not a good match for kids or really green riders. A person with work to do will love him.
